

APPENDIX H

NATIONAL CONTINGENCY PLAN (NCP) PRODUCT LIST

and

STATE LICENSED OIL SPILL CLEANUP AGENTS (OSCA)

Within the U.S. only dispersants that have met the approval criteria set by the U.S. Environmental Protection Agency (EPA) and that are listed on the EPA National Contingency Plan (NCP) Product Schedule can be legally sprayed. The NCP Product Schedule includes the products shown in the table below.

In addition to meeting the approval criteria set by the EPA, dispersants used in California must be a California state-licensed Oil Spill Cleanup Agent (OSCA). The two dispersants currently meeting the state-licensing requirements are also shown below.

Dispersants with federal approval	Dispersants licensed in California
DISPERSIT SPC 1000	
JD-109	
JD-2000	
NEOS AB 3000	
MARE CLEAN 200	
COREXIT 9527	COREXIT 9527
COREXIT 9500	COREXIT 9500

Updated NCP Product Lists can be accessed via the EPA representative on the RRT (Appendix A), by calling the Emergency Response Division of the U.S. EPA (202-260-2342) or accessing the Internet at <http://www.epa.gov/oilspill/ncp/dsprsnts.htm>

Additional information on California state-licensed dispersants may be obtained by calling Yvonne Addassi (OSPR), pager number 916-857-9550.
